Introduction to the new FREIDA™

Sarah Brotherton: Director, Data Acquisition Services

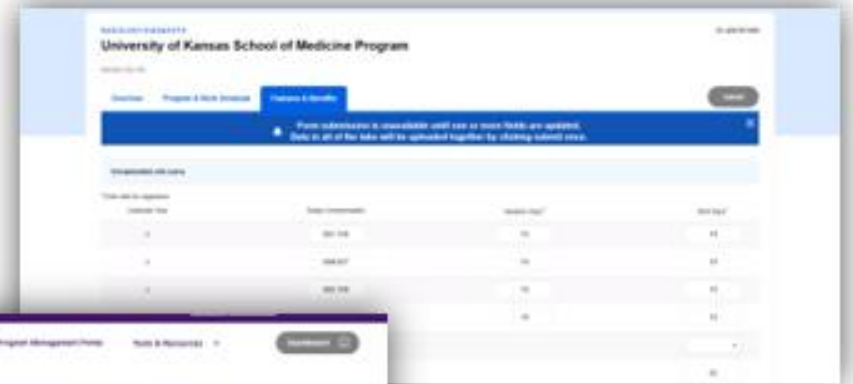

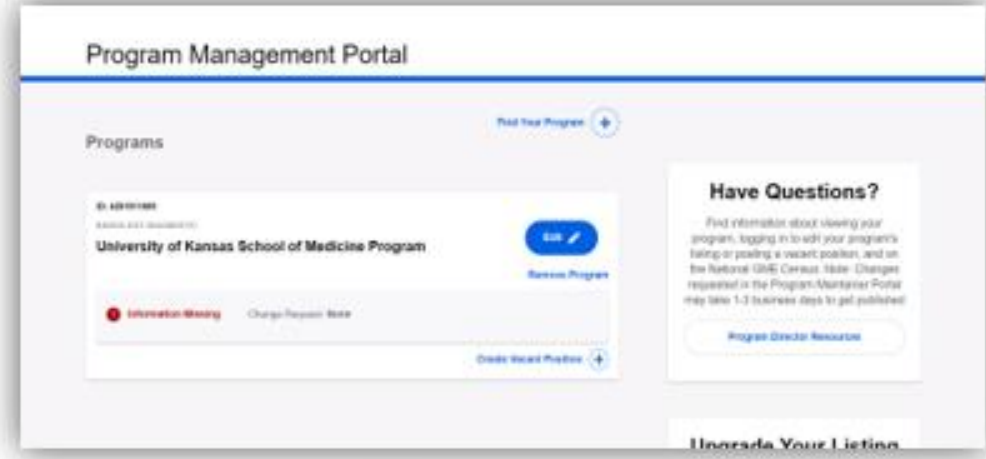

Students and Residents

- Improved User Experience
 - Full mobile optimization
 - Consistent UI/UX across the app
- New Features
 - Save personalized searches
 - Smart Gating
 - New compare experience
 - Ability to take notes while researching
 - Residency Calculator

Program Management Portal

- Redesigned PMP:
 - Streamlined login experience and the ability to manage multiple programs under a single account
 - New and simple way to edit programs
 - Ability to manage more program information
 - Option to add virtual tour of the program

FREIDA™

Program Management Portal Reference Guide

FREIDA Launch Support Materials

- Reference guide for program directors/coordinators & internal staff
- "How to" video for program directors/coordinators
- Showcase video for medical students/residents

University of Florida Neonatal-Perinatal Fellowship Program

Since the inception of our Neonatal-Perinatal Medicine Fellowship Program in 1976, our graduates have always been in front future leaders in the exceptional advancement and practice of neonatal-perinatal medicine. Our residency-based program is accredited by the Accreditation Council for Graduate Medical Education for a total complement of seven fellows (three per year). Fellows chosen for our program will see the quality and quantity of patients that facilitate extraordinary clinical training. Our level IV NICU is part of UF Health Shands Children's Hospital, which is the primary tertiary center for neonatal patients in South-Central Florida. We pride ourselves on the knowledge and expertise our fellows will receive in newborn critical care and convalescence. They will also gain expertise in research design and interpretation of findings, as well as mentoring and delivery of education skills. They are highly competitive for positions in other academic or private practice settings. We consider the education of our fellows, as well as their personal and professional development, our top priority. We hope you will consider UF Health Shands Children's Hospital for the next step of your career in neonatology. Visit <http://www.peds.ufl.edu/divisions/neonatology> for more information.

Program ID: 301110916

NEONATAL-PERINATAL MEDICINE (PC)

University of Florida Program

Gainesville, FL

Overview

Program & Work Schedule

Features & Benefits

Fellows chosen for our program will see the quality and quantity of patients that facilitate extraordinary clinical training. Upon completion of the three-year program, our graduates are eligible for certification by the ABP sub-board of neonatal-perinatal medicine. They acquire knowledge and expertise in newborn critical care and convalescence, research design and interpretation of findings, as well as leadership and delivery of education skills.

Program Description (500 character limit)

Vanderbilt has one of the largest biomedical informatics departments in the US with a long history of developing clinical informatics solutions. Currently Vanderbilt has over 30 clinical informatics faculty, all of whom have some degree of operational responsibility including oversight of clinician and patient-facing systems. Fellows will participate in the Master's program in applied clinical informatics.

Email freida@ama-assn.org with your program ID number and YouTube link to your video.

The screenshot shows a web browser window with multiple tabs. The active tab is titled 'FREIDA Resider' and the address bar shows the URL freida.ama-assn.org/video-series/tours/vanderbilt-maternal-fetal-medicine-fellowship-faculty-381. The browser's bookmark bar includes 'AMA FREIDA Online', 'www.ama-assn.org', 'Imported From Fire...', 'Google Analytics', 'FREIDA Digital Metr...', 'AMAtoday - AMAto...', 'Yahoo', 'The Motivation Alli...', and 'Other bookmarks'. The main content area displays a video player with the title 'Vanderbilt Maternal-Fetal Medicine Fellowship Faculty'. The video shows a woman with glasses and a blue scrub top sitting at a desk in an office. The office background includes framed certificates on the wall, a desk lamp, a pink water bottle, and a tissue box. A play button is overlaid on the video. In the top right corner of the video player, there are 'Watch later' and 'Share' buttons. At the bottom of the browser window, a taskbar shows various application icons, including Windows, Edge, File Explorer, Firefox, and Teams. The system tray in the bottom right corner displays the time '11:05 AM' and the date '10/21/2020'. A 'Show all' button is visible in the bottom right corner of the video player area.
