

**CMSS Annual Meeting 2022**  
**Specialty Societies: Stronger Together**

November 9-11, 2022 | Washington, DC

**2022 Industry Partner**  
**Resource eBook**

**Dear CMSS Members,**

**Thank you for attending the CMSS 2022 Annual Meeting.**

**This CMSS Industry Partner Resource eBook provides contact information and links for the Industry Partners who participated at the 2022 CMSS Meetings.**

**Feel free to contact these partners if you have questions about their products or services.**

**If you have partner suggestions, please feel free to contact Judy Hambrick, CMSS Exhibit Manager, [jhambrick@cmss.org](mailto:jhambrick@cmss.org) or 31.202.5034.**

# Platinum Partner

**FIGmd, an MRO Company**  
**1000 Madison Avenue, Suite 100**  
**Norristown, PA 19403**

**FIGmd is the market leader in the measurement, improvement, and reporting of clinical data quality.**

**Since 2010, FIGmd has designed, developed and deployed healthcare IT solutions for the management of clinical quality parameters.**

**Today, FIGmd's products and services are used by half the provider population in the United States to manage, measure and report clinical quality for one-third of the US population.**

# Exhibitor

**Phairify, Inc.  
300 Brickstone Sq., Suite 201  
Andover, MA 01810**

**Phairify offers medical specialty societies and their members a unique platform delivering accurate, time-relevant, and specialty-specific practice information.**

**With our information, societies can empower their members to benchmark critical aspects of their current positions and meaningfully assess new career opportunities – all at no cost to the society or the membership.**

**We hope to visit with you at the CMSS Annual Meeting to share the benefits of our Partnership Program and how we deliver it. We're confident your membership would value Phairify's powerful information and your role in providing it.**

## Exhibitor

**Symmetric Health Solutions LLC  
1500 Chestnut Street, #1354  
Philadelphia, PA 19102**

**Symmetric Health Solutions is a data enablement organization that leverages AI/ML solutions and client first mindfulness to improve, automate and optimize healthcare research, clinical and supply chain processes.**

**Our application automatically matches products to unique device identifiers (UDIs), national drug codes (NDCs), and normalizes products not conforming to current identification standards.**

**We leverage information sourced from over 100 public data sources and from our LIMETM mobile scanner, all refreshed daily, to present over 400+ attributes per item. This includes HCPCS, Revenue Codes, GMDN, premarket / post-market reports, vendor locations (e.g. manufacturing, sterilization, and shipping port location addresses), product equivalence and more.**
